I'll be working from home tomorrow, so as long as I get the pdf of signed letter, I can close out request and send to requestor.

Jim,

Ivry Johnson, our FOIA Officer, has uploaded the documents to FOIA Online. I told her not to make them available to the requestor until we have the FOIA close out letter signed by our Water Division Director.

Jason Brush has the FOIA transmittal/close out letter and is getting it signed. Please contact him at 415 972 3483 to obtain this letter (at least a pdf of it). A word version is attached.

Ivry, once Jason gives you the FOIA letter (signed by our Water Division Director) please make the FOIA Online docs available. Unless you hear differently from Jim.

I am out of the office at 2:30 this pm. I understand Ivry is out tomorrow (Friday).

I am back in the office Tue morning, 8/19. But if you ring my office number it rings through to my cell phone.
